A research work based on Rao's System

by

SRI SATYANARAYANA NAIK

Dear Reader

It is indeed a pleasure to write a foreword for a work, especially when it is written by a disciple like Satyanarayana Naik. He has attended my workshop and also a short personal interactive sesslon at my place. He has studied my books with great interest and worked on it. He has been since then doing a research work on my books. His serious application of system has given him the strength to present my works in a most practical manner. He has designed the Desk tops for instant predictions which are very useful in prediction. He has also made efforts to put the transit of planets in Rasi charts along with each planet transit results incorporated in it. This will be a very useful tool for timing the events.

He has combined and presented in table form the Yoga i.e. combination of planets event-wise i.e. Marriage, Education, Health, Profession etc. He has also re-organised the planetary combination relationwise i.e. Native, Brother, Sister, Father, Mother etc., for easy reference.

His grouping of Karakatwa of planets is very useful where in all the details about the planets are given for instant reference. This information is also used in the working board.

He has put in lots of efforts in making a Colourful Desk top for instant reading of Horoscope wherein yearly prediction can be given by using this Desktop.

I wish him all the success and good luck, as he is planning to do similar work boards in Hora astrology and also work board for traditional system of Astrology.

May Lord Sri Hari bestow His grace on him.

Ever yours in the service of Lord.

R.G. RAO
AUTHOR, ASTRO PALMIST

This has been aptly framed by Late Sri J.N.Bahasin in his works, where he states "Every ***conceivable Object, Person, Place, Quality etc., in the world is represented in astrology by a planet permanently"*** further he states **"As students of astrology we know that every constituent factor of prediction whether it be the signs, the asterisms or the houses have ultimately to be reduced in terms of the "Planets".**

This is the background of linking factor which I mentioned in the earlier paragraph. If this is so then why not then directly analyze the planets more profoundly and get the predictions. Rao's system of Naadi astrology is based on these principles and propounded by Guruji Sri R.G. RAO. He has done extensive research work on this with Naadi principles and taken pains to get translated original Naadi scripts from Tamil. He strained his nerves to bring to the light the secrets of Naadi principles. He has written number of books updating his research works and made them available for the benefit of mankind.

I am proud to be one of his disciple and been working since long on his works. Every time, I read his books I am blessed with some new ideas and some deeper secrets are being noticed while analyzing horoscopes. The basic rule of karakatwa of planets is most fascinating, the entire universe and the creation is related to the planets, Every thing and any thing can be related to planets. It is the application, dedication and devotion that are what needed. **It is the art of recognizing the planets in anything and every thing, combining their karakatwa, relatively applying it anywhere and everywhere is the key of Naadi system.** Some of the applications are cited below:

Identifying planets

1) By face reading
2) By Palm reading relating the lines and mounts on the palm.
3) Identifying colours of dresses and articles of the subject.
4) Objects and indications instantly noticed around us.
5) By flowers, trees, animals, birds and the natural surroundings at a given time.
6) By words spoken by the person on the spot.
7) By horary astrology

For example:

A couple had come to me for consultation and unfortunately both of them were doubtful about their year of birth. They were married since 5 years and they were deprived of child birth till date. They wanted to know the future chances if any to have a child. I thought of horary, but something prompted me to look at the face of the boy. On observing I found he has a wide mouth, and has full grown mustache his eyes are gloomy and dull and his cheeks are flat. This has given me RAH, SUN, MOO, VEN and KET dominance which indicates a combination for childlessness. I did not pronounce my observation but immediately drew a horary chart that was on 3rd Jan 2000. This chart surprised me: Jup and Sat ® in Aries, Cancer having Rah Scorpio the 5th sign from Rah having Venus and Sun in the same Nakshatra pada. Next sign Sagittarius having Sun and Mer followed by Ketu in Makara and again the Retro Sat casting his aspect on Sun in Scorpio. What I observed in the face at that moment has reflected and confirmed by prediction by horary and I conveyed them to drop the idea of having child and instead go ahead with adaptation of a female child which was also there wish. Such indications will come from all comers at given time, we must only be alert to recognize them and properly interpret them.

Indeed I must be grateful this noble soul Guruji Sri R.G.Rao who has selflessly imparted the subject to the welfare of human race. Of course I am greatly honoured and blessed to be his disciple because of two reasons. 1) for his great knowledge in the subject which he imparts without any hesitation. 2) He is such a divine soul who has blessed my humble research work on his subject and appreciated my efforts. The present research work titled as "PREDICTION SECRETS NAADI ASTROLOGY" is the result of his blessings and Goddess Mother Gayathridevi.

I am grateful to Sri C.V. Seshacharyulu, a Sanskrit Scholar, who is a friend, philosopher and guide to me.

I am also thankful to Sri Jayalakshmi Publications, who has a keen interest to accept genuine works of this type for publication.

I take this opportunity to thank Mr. Venkateshwara Rao of Balaji Graphics, Hyderabad who has done a wonderful job on desktop publication.

Besides Sri S. Ravi who is my first guru in the filed of Naadi Astrology, I should offer my sincere thanks and express my heart felt gratitude to Sri Jeevan Rasik (Alias Kalidas Maharaj), who has taken pains in proof reading of this work and extended his full co-operation in this venture.

Last but not least, I must convey my regards to two of my intimate friends in the field of astrology, Sri M. Ram Prasad and Tiru. N.V.R.A. Raja, who not only supported my views but also participated in discussions with me on the subject, which helped me in shaping the concepts. I am gratefully honoured to have few sessions of scholarly discussions on Jaimini Astrology with Sri Vidyasagar which has given me a new dimension of thought process on this divine subject Astrology. I am also thankful to all my friends and disciples who have been inspiring me in all my endeavors.

SATYANARAYANA NAIK

Especially, in this system, the characteristics of matching couple can easily be made and marital hazards can be avoided to a great extent. Past lives and future life can be explained. Most wonderful part of this system is it does not advocate Sign, Cusp and Divisional chart analysis. Thus this system avoids most of the calculations and the entire system is based on Karakatwa of planets and the Rasis. The strength of the planets is based on their Position in the house and its association with other planets. The Retrograde and Exchanged planets have duel role in forming combination.

The unique controlling tool in this system is how best you culminate, the karakatwa (signification) of planet in relation with other planets as per the rules of combinations. Once this logic is understood clearly, many matters can be delineated through this system.

Most important thing in this prediction method is to have planetary position at Birth chart and also transit chart at the time of consultation. The timing of the events is based on slow moving planets and fast moving planets over natal planets in different positions. The combination in the birth chart forms yoga and the transit will indicate the fructification of this yoga. Both Natal and Transit planets' strength and weakness are to be considered for giving predictions.

In this work, I have organised the learning system in an effective manner as follows:

1. Rules for Rao's System of Naadi Astrology
2. Karakatwa of Rasis
3. Detailed Karakatwa, nature, yantras, mantras for 9 Planets.
4. Single page karakatwa for quick reference.
5. How to group planets by directions.
6. Yoga for All General Matters
7. A working board for easy and quick study of horoscope
8. Transit entry and exit of all planets Sun through Ketu expect Moon for 100 years.
9. Planets in Rasis, Two planet Combination, and Three planet combination for ready reference.
10. Remedial measures – Planets Propitiation
11. Remedial measures – Gem stones.
12. Introduction to Naadi Face Reading
13. Introduction to Naadi Palmistry

I hope this work will benefit many students of astrology and serves the mankind ultimately.

I conclude this with Salutations to almighty and my Astrological Gurus and a special regard to my Great Guru Sri R.G. Rao and my heart felt regard to my immediate Guru S. Ravi.

Regards

In your service

Take the Karakatwa of Conjoined Planets from the List. This will give the Yoga results for the matter you are considering.

STRONG

Exalted Planets

Planets get exalted in certain Rasis which has been given in the Desktop Board for easy reference.

Winning Planets

Any Planet associated with Enemy planet if ahead of the enemy planet by degrees it is a winning planet.

In a Friend's House

A Planet situated in a Rasi whose lord happens to be a friend to the planet posited there is Strong.

Hemmed between friends

A planet when hemmed between two Friendly planets either in a Rasi degree-wise or posited in a Rasi with a friendly planet is **Strong.**

A planet in its own sign.

If it is associated in with a friendly Planet or aspected by friendly planet.

Contrary to the above Rules it Is weak.

The Desktop for Naadi prediction will give the details of Rasis and enmity of Planets, exalted and debiiitate signs for each planet.

The Aspecting planets will give their Karakatwa results to the Planet under consideration. The aspects are already discussed. They can be from conjunction in the same sign **(Full effect)**, or from 1, 5, 9, **(Effective)** Opposition 3,7,11 **(Medium)** and 2, 12 signs, **(Modifies)**. Either **good** or **bad** based on **Friendship and Enmity to the Planet In question concern**. Rahu Ketu will have only conjunction aspect and 12th aspect as they are always retro, 12th becomes 2nd to them. Any planet isolated from any aspect, being alone in a Rasi will give the Karakatwa of the Rasi lord.

Planetary exchange: It will occur when the Lords of two different signs occupy each other's house. For example Pisces is the House of Jupiter and Scorpio is the house of Mars. If Jupiter occupies Scorpio and Mars occupy Pisces it is called Planetary Exchange. Under these circumstances, first part we have to take the combinations of Jupiter for self from Scorpio and analyze the aspects to it and arrive at results. Again, consider Jupiter from Pisces and take the combination of Planets from that Position and arrive at results. The first part of life will have results relating Jupiter from Scorpio and the 2nd part will modify the results after exchange considering from Pisces. Similarly the Mars results are to be arrived at, for results of Brother.

Combust Planet will not give much good results. Combustion takes place when any planet is located within the same pada (a pada = 3° 20') of Sun.

If a combust planet is associated or in aspect or in exchange with friendly planet it will give good results and if involved with enemy planet's it will give bad results.

The debilitated planet if involved in exchange it will loose its debilitated nature. It will give good or bad results based upon friendly or enemy planet association after exchange.

The debilitation will get cancelled if the Planet has aspect from 1, 5, 9, 3,7,11, 2, and 12. The results will be based on nature of combination of aspecting planets.

Similarly the Exaltation will also nullify if there is planetary exchange or aspect as said above and the results will vary according to the association of aspecting planets.

A Retrograde planet will have half aspect to its rear sign and the results will be based on the planet in the rear sign.

The debilitation and exaltation will also get cancelled if the planet is in retro motion.

A planet having association of Rahu will loose its strength, even though exalted.

The above rules are to be followed for giving prediction through Naadi system. The information of Exaltation, Debilitation, Friendship and Enmity and Karakatwa of each planet has all been provided in the Desktop for quick reference.

HOW THE NAADI SYSTEM WORKS

The system of Naadi based predictions introduced by Guruji Sri. R.G. Rao is based on karakatwa of Planets. Each planet has been attributed certain karakatwa. The combination of Planets from the Rasi chart will give the results. Here there is no necessity of Ascendant or house divisions. The calculation part is absolutely negligible. Though the system is very simple and accurate, certain logical application is to be kept in mind before giving predictions. For example Mercury is considered for intelligence, Business, Sister, Friends and Land etc., In applying the karakatwa we must take what exactly we need to predict and use that karakatwa for a specific results. Similarly, the Planet Venus is indicator of wife and also daughter/daughter-in-law and also House and Wealth. What we want to predict will be more important and then associate the concerned planet with its appropriate signification.

For every horoscope go in a sequence to get the overall reading and then for timing of event go for transit of slow moving planets to get the appropriate timing of yoga.

First take Jupiter or Venus (based on Male or female) and analyze the character of the native consider the aspects of other planets from 1,5,9,3,7,11 2 & 12.

Then go for Mercury for Education, Saturn for Profession, Venus & Mars for Marriage, Venus for Properties and Sun for Progeny/Father.

In this system in-depth predictions can be made by enhancing your vision and logic in application of karakatwa of planets. It is evident that the predictions are based on only planetary positions and the birthtime factor has negligible influence. Therefore, it is always advisable to have a horary chart made at the time of consultation, and compare the birth chart with that of horary chart.

You will come across many hidden secrets of delicate nature. You must be careful in not disclosing the matters bluntly and hurt the feelings of the native. It is better to avoid matter which would hurt the feelings of the native. Certain clues with regard to health matters, loss and other involvement of non personal nature can be warned.

In the subsequent chapter each Matter is taken up and clearly explained with the respective combination.

How to study a Horoscope :

Step 1

Cast the Horoscope either with the help of computer or manually.

Step 2

Arrange the Planet in each sign sequentially according to their degrees.

			Sat
	Note : The Planet more than one in a sign has been orderly written according to their degrees		Rah
Ket			Sun Jup Moo Ven Mer
Sun	Rah		Mar

Step 3

Organise these planets according to Directions North, East, South and West in the following format.

	North RAH	
West SAT		East SUN, JUP, MOO VEN, MER
	MAR KET South	

Step 4

Select a Group and analyse.
We will select Sat for analysing the Karma of this Person.

Sat — Alone in the West.
He is in the Sign Mithuna.
Mithuna is Air sign. It is also Trade sign.

Step 5

Now see the 2nd group from West. It is North Sign.

Rah — Alone in North Sign. He is Retro motion.
He will travel towards Sat and Sat is approaching him.
That is Sat will carry effects of Rah.

Rah — is a Foreign indicator - Air indicator.

Step 6

Now see the opposite Group i.e. Eastern direction.
Where Sun, Jup, Moo, Ven and Mer are situated.

Giving their karakatwa to Sat Karma Karaka.

Sun — A Government - Authority - indicator.
He is in Leo - A sign indicating Service.
This Sign also indicate Govt. and authority.

Jup Is Jeeva karaka - Self involved in Karma
Jup is with many planets - Many Jeeva are also involved in this karma.

Moo Indicates - Changes - Travel.

Ven Indicate - Luxurious

Mer Indicates - Intelligence.

Step 7

The opposite group is having a planet in its 2nd Group i.e. South.
This would have effect indirectly on Sat karma karaka.
Therefore take the South group planets.

Mar is in Virgo a South sign
It is a Business class Sign
Mar is power - Shakti - Yantra - Machinery
Mar is also enemy of Saturn creating problems.

Ket is in Capricorn a South sign
it is a action class - lazy and slow
Ket is Mukti karaka

Therefore, The Karma karaka Sat is having connection with Retro Rah and in opposite Direction he has connection with Sun, Jup, Moo, Ven and Mer and in turn these planets are connected to Mar and Ket. Ok.

Step 8

Combine the karakatwa results

Sat	Rah	Sun	Jup	Moo	Ven	Mer	Mar	Ket
Karma	Air Foreign	Authority Govt.	Self Jeeva with Many Jeeva	Travel Change	Luxury Rich	Intelligent	Yantra Power Defence	Mukti End

Therefore his karma is Authoritative Air Travel carrying many people are luxurious and elite people through powerful machinery which is risky where he may end karma of every body.

This native is a Pilot.

Since Moo Mar Ket are involved: Due to reasons connected with Mind or Mother this Karma will change.

THEREFORE, THIS PERSON WILL TAKE UP A PILOT JOB AND LATER ON CHANGES HIS PROFESSION.

You can proceed similarly, for every matter, as listed in the Rules for Naadi and arrive at the yoga combinations to get the results. Eventually such yoga will fructify by favourable transit positions. See transit rules and also the Desktop Board for easy reference.

The Transit and Natal influences of Jup and Sat over Ven satisfied the condition to conduct the marriage on this day.

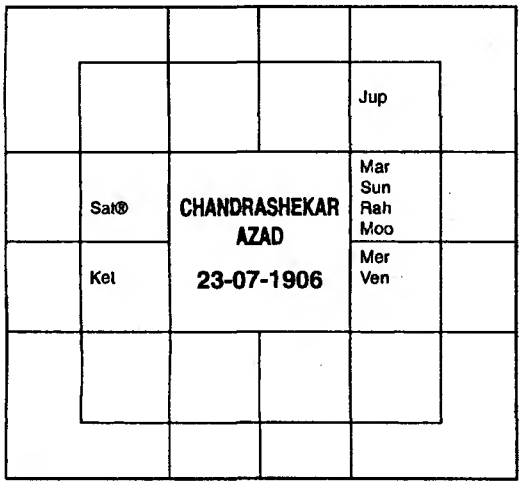
MOST IMPORTANT

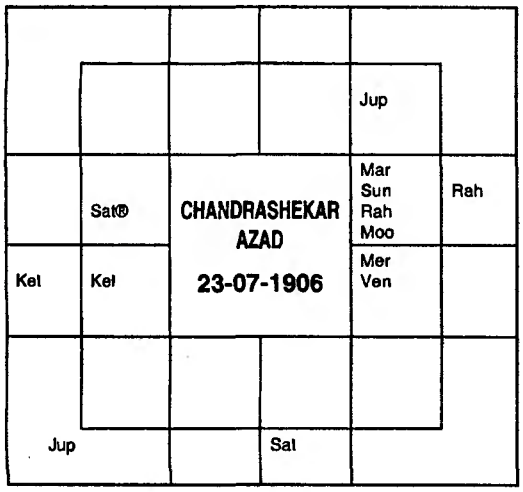
Note: This aspect, is of more secret in nature, and in general predictions, it is better to avoid this particular prediction. The decision of longevity, though indicated in horoscopes, based on the Rah and Jup positions, it is better to avoid this topic. However an indication of danger to life can be hinted in such Natal or transit positions.

HOROSCOPE OF CHANDHRASHEKAR AZAD



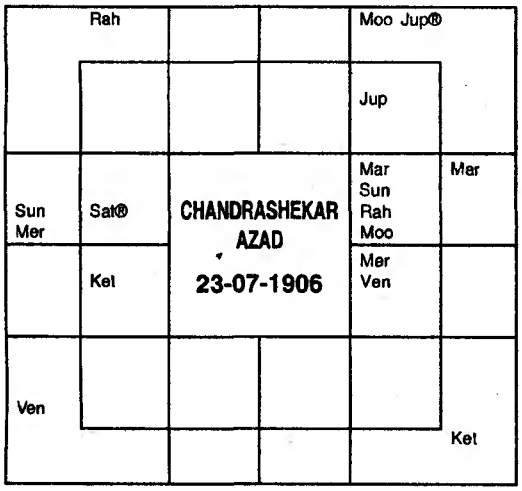
A bold patriotic person with a purpose for his birth Chandra Shekar Azad was noted for his activities against British Government. He carried rewards for his arrest. Note the Planets karkatwa. Jeevakarka+Yuddha karka+Rajya karka+Maya karka+Chora karka. This birth is meant for revolutionary activities. He created troubles to Britishers and involved violent activities. This combination made him so powerful and aggressive. When he was in underground on charge of murder, he could not be traced, until he himself appeared back to continue the freedom struggle. His Karma also denotes the same, having Ket approaching retro Sat.

Raided Rice Merchant 1925



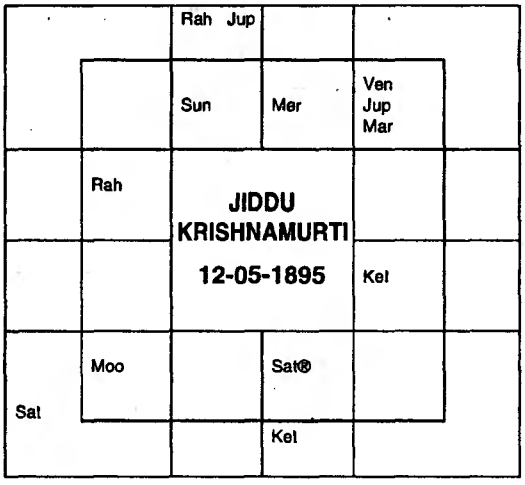
As mentioned earlier the daring thievish tendencies, lead him to raid Rice merchant for funding his organisation in 1925 Rah transiting over Moo, Mar, Sun and Natal Rah, who are all placed 2nd to Natal Jup, who is aspected by Transit Sat and Transit Jup, in-turn aspecting Natal Jup. Transit Sat aspecting Natal Sat. All these lead to Dacoity. In the similar circumstances in 1924 he raided a factory owner in a village. All these were to accumulate money for his patriotic movement.

DEATH: 27/02/1931

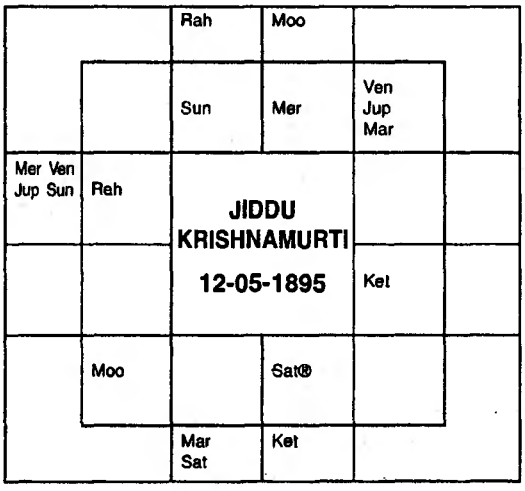


It is a well known fact that Chandra Shekar Azad was surrounded by as many as 50 soldiers and being a patriotic hero, with a motive not to surrender to them, he shot himself. Now look at the transit facts. Transit Jeevakaraka over Natal Jeevakaraka Jup. Where Transit Jup is retrograde as Transit Mar is over Natal Mar, Sun, Rah and Moo. i.e. Both Natal Transit Jup as Jeeva karka are blocked by armed men. When Transit Jup Retro wanted to escape, Sun and Mer Govt. authority planet with Intelligence blocking from Kumba. Now Kalapurusha Rah in transit aspecting Natal Rah Mar, Sun and Moo, Sareera, Atma and Budhi and proceeding to shallow Jeeva karka Jup. Similarly Transit Ket, who is aspecting Natal Ket is awaiting Natal Sat who by retro gets into the clutches of Ket. Sat is also Blocked by Govt. authority transit Sun, Intelligent Mer. Thus Transit Jup with retro motion will have Ket (bullet) from both Natal and transit Ket by Jup self.

HOROSCOPE OF JIDDU KRISHNAMURTI



DEATH : 17-02-1986



NOTE: It is mentioned earlier that this aspect is most divine secret, and this particular aspect should not be disclosed to clients. These examples are given to show how the danger to life can be assesed. When such combiation where Jeevakaraka and kalapurusha along with Kamakaraka and Muktikaraka are seen in the horoscope, we must tell them to take care of this pelrod in respect of health.

Jiddu Krishnamurti is known for his unique teaching of life. He was earlier followed the traditional system of metaphysical teachings. He has started an organisation styled as "Order of the Star of the East". He was also associated with theosophical society. All of a sudden in the year 1929, he dissolved everything and started his own philosophical order which condemned the organised religious thoughts and advocated constant alertness of thought process. God, life and death all these were Irrelevant to his process. Now let us analyse the planetary configuration.

Sun (Atmakaraka) + Ket (Mokshakaraka) in Aries and Leo. Both are Dharma sign and fiery sign. He is driven religiously by birth.

Sat is having Sun in 7th. Karma+Atma. By Retro Sat will have Mer Karma+Budhhi.

Sat is having Ven (Panditya) + Jup (Jeeva) + Mar. Dharma karmadi Yoga with Paanditya and Sahasa. This combination is having Moo aspect from Sagittarius. i.e. this Karma will under go change.

Rah is having connecting to Ven, Jup, Mar. in other words some secrets are bound to explore (Mars being boldness and expressive)

Moo connection, Rah connection and Jup connection made him to stay in foreign countries.

Sun as Atmakaraka with Budhhikaraka Mer, Paandityakaraka Ven having connection with Mokshakaraka Ket pushed him to traditional philosophical life.

Next Mar is opposing the Karmakaraka Sat awaiting opportunity to change the entire course of life.

See the transit in 1929. Rah mayakaraka and Budhhikaraka Mer are with Natal Sun (Atmakaraka) who is aspecting Sat karmakaraka in natal chart and transited by Ket end of Karma. He has to abandon all that till now he was doing.

Natal Moo being transited by transit Karmakaraka Sat, both of them having 7th aspect to Ven, Jup, Mar, Rah, Sat Indicating radical change in his karma. The involvement of Rah, showing some knowledge Moo connected with mind, Mar technical nature involving a technique of thinking for Jeevakaraka. This has resulted change in the very nature of his thought process. His preaching became so unique that it was bit too high for normal thinking person.

Transit Jup is with Natal Rah.

Transit Ket is Natal Sat.

Transit Rah is with Sun, the atmakaraka, who is aspecting Natal Sat who is ending Karma and having connection with Natal Jup and also Transit Jup.

TIPS FOR ANALYSIS

TRANSIT OF JUPITER - METHOD SUGGESTED TO DELINEATE RESULTS

Jup takes approximately 12 years to complete one round and reach his Natal position. This amounts to an average stay of 1 year in each sign.

FIRST ASSESSMENT : LOOK FOR RAHU'S POSITION IN RELATION TO JUPITER.

Wider the Gap between them and having More number of planets (Except Ket) between them ensures good Longevity.

Transit and Natal simultaneous conjunction of Rah, Jup and Ket and Sat will be a matter of concern with regard to health and longevity.

AFTER THIS GO AHEAD WITH JUPITER ROTATION

From 1st year to 12th year - 1st ROUND OF JUPITER
CHILD HOOD STAGE

THEREFORE, CONSIDER HIS, MIND, GROWTH AND HEALTH MATTERS.

During this period look for position of Sun, Moo (Father and Mother) their economic growth and environment. This will have a say in up-bringing of the child. Next look for Rah, Ket, Mar, Moo, Sat in particular and Ven and Mer in general for the Health Matters. Next look for Mar and Ket in relation to Mer for his learning scope. Sat may not cause disturbances in education but may cause delay or give diseases if ill disposed either by Natal or Transit position.

From 12th to 24th Year - 2ND ROUND OF JUPITER
TEENAGE AND YOUTH STAGE

Look for his Health matters as stated above and then:
Give more importance to Mer and its association in relation to Jup which will give the educational success or failures to the native. During this period Mer being a planet indicating friends, look for its disposition and see whether Ket is associated in some manner either with transit or Natal Mer which will indicate love affairs etc., This period will also at times, may have early marriage by natal association of Jup and Ven without Sat or Rah or Ket influence. Such powerful combination of Jup and Ven may give early marriage. This period will have a say for Sat to decide his career. Look for Jup and Sat relation in Natal chart and if this position is well disposed without any inimical influence, the native may settle down in career, if transit Sat or Jup associates with Natal position. By looking up at Sun and Moo you can see the position of Father and Mother at this stage. If family economic condition and environment is good, this may make the native settle down in life and marriage prospects can also be decided upon. Certain business community and well placed families prefer early marriage of their children. Categorise them with the topographical culture and rituals. In general middle and upper middle class educated and employment oriented families may not hurry up for early marriage, as they would normally be looking for completion of higher education and settlement in life of their children. This category mostly will be planning the marriage etc., in the next round of Jup.

MATURITY AND PROGRESS STAGE
From 24-36 YEAR OF AGE - 3RD ROUND OF JUPITER.

This period will have higher Learning - Settlements in life - Financial stability.

Collectively and severally look for combinations of Mer-Ven-Sat in relation to Jup for higher education, wealth, land and profession. Adverse combination in Natal Chart may produce bad results. Transit Jup may try to give some of the good results, the adverse planets combined in Natal chart may cause obstructions.

TIPS FOR ANALYSIS

From 36-48 of AGE- 4TH ROUND OF JUPITER
MIDDLE AGE STAGE

This period is of family matters, wealth and properties, position, honour.

Look for Ven, Mer, Sat-Sun, Moo, Ket, Rah. Native may gain or loose in the matters of property, land, professional, status and honour. Here the assessment should be more on wealth, property and children welfare matters. You should also look for health matters of family and native, as this is the stage where the pleasure and pains will tell upon the life of native. Travels, change of place and philosophical life to be noted here.

From 48 to 60 years of AGE- 5TH ROUND
CONSOLIDATING OR TERMINATING STAGE

This stage is of dependent nature, as native needs to consult, depend or at least consider views of other family members to take decisions. The disposition of Planets connected with Sun, Mer, Ven, Mar is of more predominance, in relation to Jup, unless the native is having combination of Jup+Mar+Ven or Jup+Mer+Sun etc., The property matters has to be checked at this stage, Ket and Moo with Mer and Ven has to be checked, in relation to, Mar (Brother), Sun, Mer, Ven (Children), Ket (Disputes) Rah and Ket for diseases.

From 60th onwards-6TH ROUND
RETIREMENT-RELAXATION STAGE

Rah and Ket and other combination of disease giving planets. Planets indicating relatives, wife, children etc., are to be studied in relation to Jup to decide whether he will spend his life under their care, or study Ket, Sat, Sun etc., to see whether he would lead a renounced life. Mer + Ven operating at this stage would turn the Native active living and Ket would turn him philosophical. Plus Sat would lead to Sanyasa. Look for Sanyasa and Moksha Yogas in the Chart. If exists will tune his life accordingly.

NOTE: *Friendly combinations of Planets in Natal chart would ensure good results by transit of Jup. Transiting inimical planets may cause hindrance temporary short term hindrances. Rah and Ket may cause hindrance in their transit during the period they approach a planet and relived when they move apart from the planet considered in question.*

On similar line see Sat, Rah and Ket. Sat is karmakaraka. His association either by Transit or Natal over Mar, Ket, Moo and Sun will always create problems in his profession. His transit period is about $2^1/_2$ years in a sign. Rah/Ket transit period is around 18 months in a sign. Rah is kalapurusha, hence, he may trouble jeevakaraka (Jup or Ven). Ket is an obstructive and quitting nature. Therefore, he may cause troubles with the matter concerned with the planet.

HOW TO USE THE DESK BOARD.

Zodiac Signs are grouped direction-wise, North, East, South, West with provision to fill in the planets in signs to automatically give the grouped combination direction-wise. Clock-wise direction, the next group becomes 2nd place and the group opposite to it becomes 7th place. Yellow coloured dates indicate Jupiters Entry and Exit. Black colour indicate Sat. Blue colour indicate Rah and Grey & Red Ket. After filling up the planets look for Jupiters transit dates for the required period. Note the planets in the directions. Results of each planet transited by Jup is given in the desktop. This would give the transit results for Jup during that period. Similarly, see for Sat, Rah and Ket and note down the results.

There are 7 major lines, in general considered for prediction.

1	Venus Line	In modern palmistry it is the Life Line
2	Saturn Line	It is Fate Line in modern palmistry
3	Mars Line	It is the Head Line
4	Jupiter Line	It is the Heart Line
5	Sun Line	Line of Success and talent
6	Mercury Line	Line of Business, Education etc.
7	Moon Line	Travel Lines in modern palmistry

Any parallel line running along with these lines are called support line in palmistry. In Naadi system these are to be considered for combination of planets taking into account the beginning of such line and its orientation towards particular mount.

NAADI PALMISTRY

Rah and Ket in Naadi palmistry have a different notation, as they are not represented by any mounts. Rah's place is denoted between the gap of Jup and Ven Finger forming a shape '<' and Ket assumes a shape '>' at the percussion at Mer finger down the wrist. Therefore, any formation such sings at the mounts or line of planets is considered to have affliction of either of these planets. The shape orientation must be considered taking into the account the beginning of the line and for mount the direction of the pointed shape towards the mount is considered. Besides this Rah is the Mouth of Serpent and the Ket is the tail of Serpent. Either the Main line or any supporting line or influence line if formed like a chain with opening split in the beginning is considered as Rah and with thin ending with or without split is considered Ket.

Line of Influence or secondary lines are considered differently in the Naadi palmistry. The shape formed out of such influence lines in combination with the main line and the orientation towards the mount, will decide the nature of influence on the lines or mounts where such influence line affect. Here the lines assuming chain shape and tail shape as earlier mentioned will represent Rah or Ket.

Planetary combination thus formed are read as per Naadi Astrology as detailed in this book.

Further, there are certain signs and spots which shall have both positive and negative effect on the respective components, i.e. Mounts and Lines.

Square

This is called as Chathurbhuja. Four arms, this is a unique feature, anatomically designated to Lord Vishnu the ultimate God who will protect his devotees surrendered to him. Thus a Square is an auspicious sign to be found any where in the Palm to protect from any adversities connected with that particular mount or line.

Triangle

It is Called Tribhuja, an additional arm to enforce the work. This also represents Shakti, the latent power of mother Goddess. Triangle shape is represented by Mar denoting power. Thus this shape will enhance the power of particular mount or line.

Circle

It is a "Vrittakara" i.e. is rotation or repetition without any ending. In other words it has repetitive process. Since it has repetitive attitude, its placement on a mount or line is dependent upon the nature of such place whether good or bad. It is good if it is on the good mounts and lines and bad on others as repetition of bad is not good.

Island

Dweepa as it is known mostly isolated surrounded by water, and mythologically it is Lanka Dweepa of Ravanasura, thus naturally it indicates danger to the position where it is placed.

Grills

This looks like fish net "Jaal "as known in Sanskrit and Hindi. This has the effect of literal meaning i.e. arresting the progress of the field where it is located. It is like caught in the net and struggling to get out. Thus it indicates struggles and troubles.

Spot

Usually known as birth marks, it is colour dependent in the palmistry. Darker the Black spot has the blemish qualities and lighter it becomes reduces the effect.

Trident

It is "Trishoola" in the hands of Mahadeva, the Laya karta, and God of Mercy; it is balancing factor for any given mount or line. It controls or develops the qualities of the said components.

NAADI PALMISTRY

Vertical Lines upward

Oordhwamukha Rekha, The lines that are orienting towards fingers side enhances the resulting factors of their beginning point.

Vertical Lines downward

Adhomukha Rekha, The lines that are orienting towards bracelet results in downtrend of significations of their beginning point.

Horizontal Lines

Samana Rekha, These lines are of equation factor, and will have a say from their point of beginning towards their orientation. Thus they can influence positively or negatively depending upon their beginning point and ending pointing indicating towards certain place. The relation factors of planets involved will decide the nature of results. The prominent portion of the line indicates the beginning point and the fading portion as ending point.

Multiplication or Addition sign or Star

Gunaka, Sankalana, and Nakshatra Chinha These are all additive components and will enhance the resultant factors of their placement. Thus the nature of results is dependent upon origin of these sings placed. For example if the Mar mount is abnormally developed and if any of these signs are present, it will make the person with an intolerable anger and aggressiveness which is not good for his progress. On the contrary, if the mount is underdeveloped resulting in at most submissiveness, lack of boldness, the presence of this mark will reverse the situation and the person will possess required boldness and activeness.

This subject is not in the scope of this work; hence brief introduction is given to establish similarities both in Palmistry and Astrology in the Naadi system.

General guide lines for Palm reading

- Study the mounts, their shape, and direction of capillary ridges for combination with other planets. Well formed and balanced mounts yields good results of the planet. The relative line must also be clean and clear without afflictions. Any affliction by lines or signs as stated above will modify the effect of the originating points.
- Once the planetary combinations are detected, the prediction part will be similar on the lines of astrology as explained in this work. Aging elements are to be marked for timing of events on Line of Sat, Line of Ven, Line of Jup and Mar from their starting points. Ven and Mar lines commence between Thumb and Index Finger, Jup line starts from Jup finger side. Sat and Mer lines progress from the bracelets portion. Moo lines from its area from percussion.

To practice hand analysis based on this system it is advised to adventure with simultaneous study of both Hand print and Horoscope to arrive at common points. This will help to grasp this subject quickly and clearly. It is the observation and practice which makes a person proficient.

AN INTRODUCTION TO NAADI FACE READING

Naadi face reading is an art which can be mastered, by constant practice with analysing both the photograph of face and with the Horoscope of the person. The guidelines to study the face of the person is given below. This chapter being introductory, simple rules are tabled below for quick reference. With this rules, and along with photograph observation, try to get as much as possible combination of planets and then cross verify the same with the Horoscope. Once you become convincingly confident of getting the planet combinations by face reading, you must then look for planets indication by surroundings i.e. Nature, articles, colours, animals and birds etc., Take note of hora at the time of reading, All these planetary configuration will give you the ample scope to predict, the events precisely. Gradually, you will develop this technique of face reading combining with nature indications and hora lord support. Once the combination is arrived, if you have in memory the transit Position of Jup, Sat, Rah, Ket, it is easy to predict events with timing factors. The guidelines are suggestive and not exhaustive.

GEMS THERAPY

Astrological gem selection is one unresolved subject with varied theories, some supported with quotes from ancient, classical texts and others with their own experiments. There is a diverse opinion about the selection of Gem in traditional astrology. This has been compiled and hosted on internet by Mr. Richard S. Brown of Planetary Gemologists Association, Thailand as "Ten preliminary Gem choosing methods" which is the result of his interaction with many international astrological members of this association. It is noteworthy that the representing factor of ten elements prescribed therein constitutes both for good and bad position of planets catogorised under "Anukool" and "Pratikool" systems adopted by the vast members of the association. The Ten elements are Lords of Lagna, Moon Rasi, Maha Dasha, 11th Lord, 10th Lord, 9th Lord, Weak Planet, and Strong Planet. Besides this some follow based on numerology yet some adopt Gem donation method. Barring the last two methods which is not the subject under consideration in this work, in the rest of the methods it is clearly mentioned that the Gem is selected either way whether the position of the planet is good or bad. There is one common thing in this is that all of them have avoided the Lords of 2, 3,4,5,6 7, 6, 8, 12. Except for 4 and 5th house lords all others are declared Bad lords in Traditional astrology. It is clear that the difference of opinion has been classified into two groups as cited above and the gems are being suggested accordingly. That is if a client happen to visit astrologer of two different groups he would be advised by one to wear the gem and to be removed by other. This contradiction furthers more, if a theory of dispositer is considered where in the Sign lord acquires the quality of the planet posited in its sign. Thus there are many such sensitive points if considered the entire scenario changes and the gem selections will be utmost confusion.

Having encountered so many contradictions and verifying the results which were never satisfactory, I resorted to this subject basing it on the Naadi system as some of the Naadi astrologers including my immediate Guru S.Ravi were prescribing the stones based on the Naadi. I was to get confirmed with valid reason for supporting their method of gem selection. After long period of experiments and having arrived at valid reasons to support the system I designed the system for gem selection with confidence and this has worked out miracles.

THE GEM SELECTION AS PER NAADI SYSTEM

There are two groups of Gems 1) transparent and 2) Opaque. Ruby, Emerald, Yellow Sapphire, Diamond and Blue Sapphire falls under transparent group. Pearl, Coral, Hessonite (because of clouds in this Gem) and Cat's Eye falls in the second group under opaque. Transparent Gems absorb the rays while Opaque reflects back the rays. Basing on these two different natures of two groups, Gem selection theory is explored, applying the Naadi system of Astrology. Before that, we shall study a bit of Cheromency, which will establish the view to support the Gem selection theory on the Naadi principles.

SUPPORTING FACTOR - PALMISTRY

We have five Fingers. The Ring Finger, representing Sun and Ruby, the Little finger for Mercury and Emerald, the Index Finger representing Jupiter and Yellow sapphire, the Middle finger for Saturn and Blue Sapphire and the Thumb representing Venus and Diamond. In General Gems are not worn in Thumb instead, either little finger are middle finger is generally advocated for wearing Diamond. The other four Gems do not have any fingers, and their location is identified as only mounts in Palmistry. The Moo mount is located deep below the Mercury mount of little finger, the Mars mount is located in between Mercury and Moon Mount, which is also having another mount just below Jupiter mount called as secondary mount of Mars. The Rahu is between Thumb and Index Finger and the Ketu is Percussion running down from the edge of Mercury Mount.

ANALYSIS

The Little finger is Mercury, signifying intelligence, knowledge. The Ring finger is Sun signifying success, progress. The Middle finger is Saturn, representing the work, or karmakaraka. The Index finger is Jupiter indicating, pride, prestige, honour. The Thumb is Venus representing worldly luxuries and pleasures.

DESTINY Verses KARMA

Every man needs certain amount of intelligence, Success, progress, work, pride, prestige & honour and the worldly pleasures as denoted by five fingers. According to his previous Karma, Most of the human race is granted with these requirements represented by five fingers. These five Planets Mercury, Sun, Saturn, Jupiter and Venus representing five fingers are Destiny makers. These five designated Planets give the destined results without any alteration. Nevertheless, to get what is destined the native has to work and proceed in harmony. However, the moon representing mind, the Mars representing ego and hatred, the Ketu representing, obstructive acts & the Rahu injurious and illusionary in nature, not representing any fingers will produce evil effects creating disharmony. Thus while reading a hand, close observation must be made about the lines commencing from these destiny breakers' mount and study their orientation to wards the destiny makers. These lines will show the obstructive elements to the progressive aspects of Fingers and their mounts. It is now clear from Palmistry that, the orientation of destiny breakers towards the destiny makers will cause hindrance to the positive effects of mounts of destiny makers.

CO-RELATING PRINCIPLE OF PALMISTRY AND NAADI

The same rule is applied here, whenever, the planets titled as Destiny breakers encounter from certain places, with the Destiny makers i.e. MERCURY, SUN, SATURN, JUPITER AND VENUS, and they cause hindrance to the relative positive element of the Makers. The effects are felt precisely when this phenomenon occurs in transit. For example

SATURN	KETU	Disinterest in work, dejection with MAR – Quitting.
	RAHU	Heavy Work – Low income
VENUS	KETU	Relational problems with wife, Loss of Money, assets Wife health problems
	RAHU	Health problems to wife. Tension to Native Delay in marriage marital disputes
JUPITER	KETU	Dejection, turns away from world, philosophical
	RAHU	Danger to Life, Health problems

Similarly, if the destiny makers are not obstructed, and are mutually combined or having aspects from the places as stated above, they will give the positive results. For example, Saturn over Natal Jupiter, Job promotions, career developments, Jupiter over Natal Venus, Marriage & celebrations. There is no need to wear any stones represented by these destiny makers as these well disposed planets are helping the native with their positive rays to think intelligently, foresee success, work diligently and precisely plan his ambitious goal and enjoy the luxuries.

GEM SELECTION

Therefore, when problems arise it is due to the negative Rays produced by these four planets, which will obstruct the positive effects of the result giving destiny makers. The remedial measure should be, to stop these negative rays. One way is to propitiate these planets by prayers and ritualistic services with a praying them to withdraw their negative influences. The other method is the subject under consideration, to reflect back or stop the negative rays. As earlier stated, the Gemstones represented by the destiny breakers, i.e. MOON, MARS, RAHU AND KETU are opaque in nature, the rays does not pass through but reflects back. Therefore, The Gemstones of these planets have to be worn on the body to reflect back the negative forces. Once the negative forces are blocked, the native will be able to streamline his resources with proper intelligence and judgment towards success. This Logic is more convincing than confusing.

SUGGESTION

This system is very simple and involves no confusion. The Gemstones connected to the destiny breakers are not at all costly. A good Pearl will cost you between Rs25/-ct and Rs.100/-ct maximum. A good Coral will be available between Rs.35/-ct to Rs.200/-ct, a good Gomed will cost you between Rs.25/- to Rs.200/ct. A good Cats eye will

be between Rs.200/-ct and Rs.1500/-ct. Any gem between these ranges will work and give results. Minimum 4 Ct. gemstone is sufficient. They can be worn in silver either as a Ring or as Pendent. They must be purchased on the day of the Planet preferably in its own Hora or friendly Hora. The same should be worn on the Planet Day in the Planets Hora after performing Pooja and prayers as detailed elsewhere.

There are no lucky stones or birth stones as such, only when, there is affliction by destiny breakers in the transit, the gem to be worn till the transit period completes. Once the transit period is over, there is no necessity of wearing that gem again.

At times, in the Natal Chart either Saturn or Jupiter is badly afflicted by such destiny breakers, in such cases, the gem can be worn permanently as a precautionary measure. For this purpose deep analysis has to be made before prescribing such stones on permanent basis.

Very rarely there will necessary to wear Blue/Yellow sapphire, Ruby, Diamond and Emerald. The circumstances has to be judged in different perceptive which shall be dealt separately in the next project.

Note: The yantras are protective in nature and it protects the wears from its mitigating activities. They are illustrated in the planetary sections. ***If properly prepared*** and used they will give very good results. Comparatively the cost of such yantras will also be very much less and fits every one's pocket.

This is not a hypothesis but resultant efforts based on practical experiments which have proved most effective. Many cases with regard to professional hazards, Relational disturbances, financial crunches, mattes of disputes, obstructive elements were addressed positively to thousands of clients who have instilled confidence in this process of gem therapy.

REMEDIES

At the time of birth celestial bodies will have programmed the life sketch in the inner self.

Conscious mind prompts the actions as guided by the inner conscious. This process can happen only when there is link between Conscious & inner self. But the conscious mind has the unique nature of getting influenced by externalNegative vibrations. These vibrations are generated, by the transit position of Planets getting affliction from the Natal positions of other planets. They influence our conscious mind, through prevailing situations, associations or getting prompted by others, leading either to inaction or wrong actions. Such influenced mind will loose its contact with inner self. When actions influenced by the afflicted mind, the results will be negative. As they are not synchronized with the purpose of life.The remedies performed will, re-establish the connection with the inner self and ward off the negative influences.When actions are synchronized with the inner self programme, positive Results will be experienced.

HOMAS
It is not necessary, that you must spend hour's to-gether to perform this Homa.
Either daily or weekly the Homa can be performed in a simpler way.
After taking bath and performing pooja as said above, Sit towards east direction.
A copper Pyramid type vessel 3" x 3" in size is available in the market.
Keep this vessel on a sand mount of 2" height.
Take a spoon full of rice and Cow Ghee and Mix them.
Put 10 pieces of Camphor in the Homa vessel.
If you know gayathri manthra - chants the same and sprinkle water around the vessel. If you do not know, simple say OM 3 times.
Take the ghee mixed rice in spoon or with fingers Ring, Middle and Thumb. Say the planet Shloka & Manthra as given in under each planet with the suffix changed to "Swaha" instead of "Namaha".
Say 3 times each manthra and put three times the Ghee rice.
Complete the process for all the 9 planets. (You can use the respective, Items of planets as given under each planet). Either you can do to all the planets or to only those, which are malefic to a Purpose. This is explained in Gems chapter.)

JAPA daily basis
After taking bath and performing pooja as stated earlier sit towards east direction.
Select a planets manthra, and repeat it at least 108 times daily. On a particular Planets Day repeat 1008 times.
Rahu on Saturdays, Ketu on Tuesdays.
Shanthi Homa and Japa are of Long ritualistic procedure, needs to be performed by Archakas.
The Cereals spread in the square must be at least 300 grams minimum. The same article after pooja has to be fed to the cow along with Jaggery. This is a routine Dana prakriya, if you are doing daily. But if you are doing for specific Planet, on Saturdays perform propitiation for RAHU AND SATURN, with Black Gram, Black Till and offer the grams to Cow mixed with Jaggery. On Monday use Rice for pooja and then cook the rice and mix with curds for feeding to hungry. On Tuesdays select Red Gram, Horse Gram and then mix with Jaggery to offer it to cow.
The yantras given in the planets table can be either engraved on silver plates or can be written in Bhoj pathra (available in Moolika sellers), on auspicious day and the above pooja to be performed and then can be worn as talisman. After wearing the talisman the particular cereal of that planet has to be donated as stated above.
Similarly, the Ring or pendent of a planets Gem has to be purified with Sandal water and then Pancha gavya then with pure water. Perform pooja as above and then to be worn on the day of the planet after 20 minutes from Sunrise.
These are simple remedies which can be performed by any body. I am giving below some simple secrets for getting better results.
If you are not finding any way out for your solutions, apart from doing the above remedies, select a Ganesha temple of quite a big area. Then Start on Tuesday after bath (do not have break fast or coffee). Make 108 Pradakshina Namaskaram and remain on fruit juices on that day. Continue this till the wish is fulfilled. Normally it will not take more than 8 weeks to get your wish fulfilled.

These are time tested propitiations which have given miracles results...

Ever in your service
